

## Aashutosh Dahal

---

Changathali Road, Lalitpur • [aashutoshdahal22@gmail.com](mailto:aashutoshdahal22@gmail.com) • +977 9803133855

### Experience

#### Aricalot

##### Backend Development

Baluwatar, Kathmandu

Jan 2026 – April 2026

- Developed backend modules using Java, JEE, and Spring framework, implementing core business logic and service-layer architecture
- Built and maintained RESTful APIs to support frontend integration and legal workflow operations
- Implemented database interactions using ORM-based persistence layer, ensuring consistent data handling across modules
- Debugged and resolved application issues across backend services, improving system stability and reducing runtime errors
- Contributed to authentication and authorization flow implementation to secure role-based access within the application
- Collaborated with development team to refine system architecture and improve modular structure of backend services

#### ING Skill Academy

##### Frontend, AR and Game Development

Bizulibazar, Kathmandu

May 2024 – Dec 2025

- Developed AR and 3D web applications using Three.js, React Three Fiber, A-Frame, Google Model Viewer, and MindAR for educational and promotional use cases
- Contributed to development and maintenance of Skill Museum and Research Center (SMaRC) 3D website following specialized 3D web development training
- Built WebAR-based digital brochures and interactive experiences for Islington College Kathmandu to improve user engagement and accessibility
- Implemented optimization techniques for AR applications to enhance rendering performance and cross-device compatibility
- Presented AR and Final Year Project demonstrations at academic events including Futurama and BIC Experience
- Conducted web development and game development workshops for students and training program participants
- Developed educational content for robotics kits designed for students in grades 4–9

#### V-Light IT Shop

##### Shop Manager

Changathali, Lalitpur

Jan 2022 – May 2024

- Managed product catalog, inventory updates, and stock tracking, improving operational efficiency by 10%
- Delivered customer support and technical guidance for IT hardware and software, improving issue resolution efficiency by 30%

### Education

#### Wolverhampton University(Herald College Kathmandu)

##### Bachelors of Science(Hons) in Computer Science, First Class Honors

July 2025

Final Year Project Coursework - Full Stack Clinic Management System

Naxal, KTM

2022-2025

Research Paper - Fraud Detection using Deep Learning Model

**Uniglobe SS/College**

Science and Computer Major - Physics, Chemistry, Mathematics, Computer

GPA - 3.57

**Kamaladi, Kathmandu**

2020-2022

**Leadership & Activities**

**ING Skill Academy**

**3D Game Development Team Lead**

**Bizulibazar, Kathmandu**

May 2025 – Dec 2025

- Led the development of a gamified cybersecurity learning platform using React Three Fiber, coordinating development tasks and team collaboration.
- Collaborated on revamping the cybersecurity learning experience in Unity, improving application flow, interaction design, and overall user experience.

**Freelancing Projects**

**Blog [Website](#) (Pentagon Legal Associates)**

- Developed a dynamic legal website using Next JS
- Integrating headless CMS (Strapi) with REST APIs to enable non-technical content publishing and real-time content updates
- Implemented blog listing, detailed article pages, and structured routing for legal content delivery
- Designing and Implementing SEO-friendly frontend structure to improve content discoverability and indexing for legal articles

**Technouniverse**

- Developed and maintained the **Technouniverse** company website using a modern full-stack architecture for portfolio and service presentation
- Implemented responsive frontend interfaces to ensure consistent user experience across desktop and mobile devices
- Structured modular UI components for scalability and easier feature expansion across pages and sections

**Skills & Interests**

**Technical:**

Java, JavaScript, Python, SQL, MongoDB, CSS, React Native

**Frameworks:**

JEE, Spring, NodeJS, ExpressJs, Django, TailwindCSS, Strapi, ReactJS, NextJS

**Tools:**

Git, Github, Docker, Postman, Linux, ORM, Authentication & Authorization (JWT), Wildfly, Swagger

**Technical Concepts:**

Data Structures & Algorithms, Object-Oriented Programming, MVC Architecture, Responsive Web Design

**Soft Skills:**

Problem Solving, Presentation and Product Description Pitching, Communication, Adaptability, Events Organization and Management

**Language:** English(C1), Nepali, Deutsch(A1)

**Interests:** Sports, Travelling, Upcycling

**Socials:** [LinkedIn](#), [Github](#), [Portfolio](#)
